Profile

Passionate 3D Artist specializing in hard-surface modeling for games. I am driven, goal-oriented, and organized. Solving complex problems while remaining efficient and flexible provides me with satisfaction in my work.

Technical Skills

- Strong understanding of form, shape, structure, and silhouette in regard to modeling
- Modeling high and low poly assets using 3ds Max
- Optimizing and unwrapping low poly assets
- Setting up UV's for lightmapping
- Baking texture maps using a synced workflow
- PBR Texturing using Substance Painter and Photoshop
- Creating game-ready 3D models from concept art
- Creating modular assets

Skills

- Autodesk 3ds Max
- Substance Painter
- Adobe Photoshop
- Unreal Engine 4

Familiar with

- Substance Designer
- ZBrush
- Unity Engine
